

# Your Partner For Success

## **Are you a business owner who is:**

- Frustrated by the time you are spending managing the books?
- Concerned about the lack of information you have about your business?
- Uncertain where your business is headed in this economic climate?
- Nervous about the financial health of your business?
- Struggling to generate enough cash to take advantage of opportunities?
- Grappling with financial or organizational issues?

**If any of the above applies to you, we can help!** We Function as Your Chief Financial Officer, providing assistance in the areas of finance, operations, business development, and strategic planning, for a comprehensive business management solution.

Our services go beyond compliance and transactional work. We help our clients plan for the future, manage overall business performance, and achieve the growth and profitability goals. In addition, our pricing is significantly less than the cost of employing executive talent on staff. Clients only pay for the amount of time they need, so they receive our expertise for a fraction of the cost.

## **How it Works:**

- We give you a detailed checklist to customize your financial/operational needs
- You check off the tasks that apply to your business
- We agree on a retainer

*You may delete, add or cancel services at any time.*

## **The Cost:**

1 – 10 employees	\$ 500 - \$1500/month
11 – 20 employees	\$1500 - \$3500/month
21+ employees	\$3500 - \$7500/month

*Cost is based on complexity of engagement.*
